Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. This is in response to the Applicant's amendment filed October 11, 2007. Claims 29-32 were cancelled (1-28 cancelled previously) and new claims 33-57 have been added. In view of the Applicant's new claims, the election to one of the following inventions is deemed necessary. The restrictions are as stated below.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group 1: Claims 33-50 are drawn to a system and method for the management and satisfaction of a customer's financial liability.

Group 2: Claims 51-57 are drawn a system for the satisfaction of a first customer's liability or liabilities.

The inventions are distinct, each from the other because Inventions 1 and 2 are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, each invention has separate utility (See MPEP § 806.05d), specifically demonstrated as follows:

Invention 1: a liability of said customer comprising default exposure, and a right to receive regular payments of principal and interest in satisfaction of said liability, wherein a liability vehicle based upon said liability may be selected by said customer from more than one lender of said liability vehicles, and sold to a third party agent

Invention 2: an initial liability of said first customer comprising an initial liability value, wherein said initial liability value comprises an origination value and a residual value

Because these inventions are distinct for being separately usable, as shown above, examining the inventions together would require searching for a reference teaching the unique element(s) of each invention that are not found in the remaining Inventions. This would be quite burdensome, requiring multiple searches, and thus the restriction for examination purposes, as indicated, is proper.

3. Applicants are advised that the response to this requirement to be complete must include an election of one of the inventions to be examined even though the requirement be traversed.

4. Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).

5. A shortened statutory period for response to this action is set to expire **0 (zero) months and 30 (thirty) days** from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C. 133, M.P.E.P. 710.02, 710.02(b)).
